## WAR LABOR BOARD SET PRECEDENT, ASKING PAPER PRICE RAISE

Seeks Higher Rate So Manu-  
facturers Can Pay Higher  
Wages to Workmen

WASHINGTON, June 28.—The national war labor board established a precedent today when it forwarded a communication to the federal trade commission asking it to reconsider its decision on the price of news print paper so manufacturers will be better able to pay increased wages awarded employees by the board.

A general increase of ten cents an hour was awarded workers.

Electric street railway workers took this to mean the board will undoubtedly urge President Wilson to assume the rate fixing power they contend has been conferred on him by Congress and will give local railways the right to increase fares denied by local rate fixing bodies.

A brief on the President's authority to assume the rate fixing power has been requested by the White House and it was expected the labor board would forward it yesterday. Officials think the brief and recommendation of the board for higher fares will surely go to the White House today.

## JOHN BASTANCHURY INJURED AT OXNARD

OXNARD, June 28.—John B. Bastanchury, one of the owners of the large Bastanchury ranch at Fullerton, and William Silva, manager of the ranch, are in the hospital here as the result of injuries received Wednesday when the machine which Bastanchury was driving skidded on loose gravel at a point five miles east of here. Silva's nose was broken and Bastanchury's face badly lacerated, but no bones broken. His brother, Gaston, who went to the hospital, reports the men resting comfortably. The machine was a wreck.

### Relief from Eczema

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00. Zemo generally removes pimples, blackheads, blotches, eczema, and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

## ANAHEIM WILL STAY WET IS DECISION OF CITY DADS

Majority Decides to Leave  
Things As They Are Un-  
til Fall Election

Anaheim stays wet until the people vote upon the question, according to the decision of a majority of the city council at their meeting last night, when the Callor bone-dry measure was given second reading and turned down. The fate of the liquor houses will be decided by the vote on state dry measures this fall, it was said, unless previous to that time a special election be called through initiative petitioning among the dries.

As scheduled, the bone-dry ordinance was presented, read, and Trustee F. N. Gibbs moved its adoption. Trustee F. A. Backs, Jr., opposed the measure, saying the question should be left alone for the present and settled by the people's ballots. If a majority of the Anaheim electors vote dry on the state measures which will be presented, he said he would then be willing to vote for the Anaheim dry bill, whether state-wide prohibition was brought about or not. He pointed out that the present council was elected upon the platform that all important questions should be submitted to the people and he would stand by that platform and oppose any move in the council to make the city dry. The proposed ordinance, he pointed out, would close the saloons October 1, while the state law, if passed, would close them January 1 next, so only three months of "dry" weather would be gained by passing the ordinance now.

Trustee T. J. McFadden voiced the same sentiments, and Trustee William Stark said "Me, too," so the measure died for want of a second.

Later Attorney O. T. Callor for the dries addressed the council, and upon his suggestion the measure was re-introduced. Gibbs moved its adoption, and Trustee J. J. Dwyer, president of the board, seconded the motion. Attorney Ames ruled that Dwyer as presiding officer had no power to second a motion.

McFadden then volunteered to second the motion in order to bring the question to a vote and get it settled, and did so.

Gibbs and Dwyer voted yes, McFadden voted no, and Backs and Stark refused to vote on the measure as it was presented. As three votes were necessary for adoption of the ordinance, the motion was lost and the bone-dry measure met defeat.

There was some talk among the dries at the meeting of circulating initiative petitions for a special liquor election, but inasmuch as the election could precede by only a short time the regular fall election and would cost the city probably a few hundred dollars, it is not generally thought in the Mother Colony that a special election will be called.

## FOUR IN JAIL, RESULT OF SMASHUP ON SO. MAIN ST. TODAY

One Owns Car, Another the  
License, Which Has Been  
Switched, Says Iman

Clarence Varney, Gus Johnson, Adolf Manfred and J. J. Reider, are in the county jail, while an accident which occurred this morning on South Main street, opposite Al Warren's place, is being investigated.

Varney owns the car, run under Gus Johnson's license plate, which had been switched from a Ford machine and the sheriff wants to ascertain whether the other machine might be stolen property.

Under Sheriff Iman made the arrest of the men at 6:30 a. m. The machine ran off the road and smashed into a fence at the side of the highway, tearing up three posts and dragging them along with the speeding car.

J. J. Reider was thrown out and badly cut and his clothing torn. The front of the machine was badly wrecked. The men said that they had been on a joy ride to Los Angeles and Venice.

## FIXING OF CANNED FISH PRICES MAY HALT STRIKE

SAN PEDRO, Cal., June 28.—Although local Japanese fishermen on strike for higher prices for their fish catches, are contemplating sending a delegation to Washington to request the food administration to raise the price for tuna to over \$100 a ton, local canners today express belief that the fixing of prices for canned fish by the government will pave the way for a settlement of the trouble, as the new prices set the same margin of profit for the canners as for the fishermen.

## Senate Will Pass 17-Billion Bills By Fourth of July

Both Army and Fortifications  
Appropriations Are Ur-  
gently Necessary

WASHINGTON, June 28.—Senate leaders hope to pass the \$12,000,000,000 army bill and the \$5,000,000,000 fortifications bill before July 4, they said today. Both are urgently necessary before the army program for the coming fiscal year, which begins next Monday, can be carried out.

**"DINTY" MOORE DRAFTED**  
LOS ANGELES, June 28.—"Dinty" Moore, catcher for the Vernon club, arrived today for examination, following his notice of being called in the draft. This leaves Bill Essick about ready to hire a bodyguard to keep DeVormer, his sole remaining backstop, from injury until a relief man can be picked up.

## ANSWERS DOORBELL, LEADS BURGLAR TO VALUABLES

LOS ANGELES, June 28.—There's no use of staying indoors at night to dodge holdups; if the burglar's union has you spotted, they'll get you just the same.

George McComb, piling out of his bed early today in response to insistent ringing of his doorbell, opened his front door, felt a chill revolver muzzle against his stomach and heard an order to lead the way to his valuables. Over \$40 was taken from McComb's room.

## SOLDIER SENTENCED 40 YEARS IN PRISON

CAMP KEARNY, June 28.—Sergeant Major Frank B. Davis must serve 40 years at hard labor in Fort Leavenworth prison for forgery and being absent without leave. Davis was arrested last month at Camp Dodge, Iowa. He was charged with desertion. He pleaded guilty to two instances of forgery and being absent without leave. The sentence, which has been approved by the judge advocate general, is the heaviest ever passed by a military court at this camp.

## Sank Mother Ship Of U-Boats, Claim Of Captain Holmes

Belgian Relief Ship Skipper  
Says Derelict South of  
Iceland

AN ATLANTIC PORT, June 28.—Captain Holmes of the Belgian relief ship Gothland, arriving here today, reported having sighted and sunk a derelict mother boat to submarines 120 miles south of Iceland in latitude 51-30 north, 14-16 west.

The mother ship was built of two tanks 1400 feet long and constructed for raising submarines out of the water for urgent repair work, according to Captain Holmes. There was no indication of life aboard and Holmes went aboard.

Holmes said the ship was in excellent condition. It being impossible for him to tow the derelict, he destroyed her.

## THOSE ON CYCLOPS ARE NOW OFFICIALLY DEAD

LONG BEACH, June 28.—Mr. and Mrs. O. S. De Voe of No. 201 Lewgis avenue, received the following telegram, indicating that the government feels that the passengers and crew of the collier Cyclops, reported mysteriously missing some months ago, are dead:

"More than ninety days have elapsed since the navy collier Cyclops has last been heard from. For the purpose of officially closing the records, the department has reluctantly decided to officially declare as dead the officers, crew and passengers of the vessel.

"Your son, Bernard Eugene De Voe, fireman of the third class, U. S. N., will now appear on the records of the navy as having lost his life on the Cyclops."

## TEACHER QUIZZ INCLUDES WAR QUESTIONS

Examination In History Contains Some Interesting Features

The examination in history given by the county board of education to the one applicant for a teacher's certificate who survived the examination in arithmetic had a number of questions concerning the European war.

"Tell why the United States is at war at the present time." This is one of the twelve questions appearing on the examination in United States history. The applicant was given a choice of answering any ten of the following questions:

1. State the basis of the claim of each of the following European nations to lands in North America in the seventeenth century: England, Holland, France, Spain.

2. Give a sketch of Franklin's training, indicate the kinds of political service he performed, and tell of any other way in which he was useful to his fellow countrymen.

3. (a) State the terms of the Monroe Doctrine as contained in President Monroe's message of 1823. (b) What was President Cleveland's application of the doctrine in 1895?

4. Contrast the conduct of President Jackson in dealing with nullification with that of President Buchanan in the crisis of 1860-61.

5. (a) What were the economic consequences of the discovery of gold in California?

6. What are the provisions of the Constitution relating to, (a) the election of members of the House of Representatives; (b) the election of United States Senators?

7. Explain what is meant by five of the following terms: Copperheads, Carpet-baggers, Slacker, Hyphenated-American, Crime of '73, Bolsheviki, Bone-dry, Squatter Sovereignty.

8. Write fully on three of the following men: John Paul Jones, John Adams, John Pershing, a president of the United States during a war.

9. When and how was the Constitution of the United States formed? How was it adopted? Compare the Constitution of the United States with the Articles of Confederation.

10. Show that you have a definite knowledge of the following, writing at least four or five lines on each: The Webster-Hayne debate, Nullification, the Compromise of 1850, the Free Silver campaign, Commission form of government of cities, McKinley Tariff Act.

11. Tell why the United States as a nation is at war at the present time.

12. Select a war in which our coun-

## ELEVEN CHOSEN TO LEAVE HERE ON JULY 15

Men Are Selected to Answer  
Call to Go to Ft. McDowell, Cal.

The local board of Orange County District No. 1 has made out a tentative list of the eleven men who are to go from Santa Ana to Ft. McDowell on or about July 15. Three of these men are no longer residents here, but will go to some camp nearest where they are living. One of them is Theodore Sotello, formerly of Yorba. The last address given for Sotello was El Centro, Calif. Another address given was Tempe, Ariz. An effort was made to locate him in time to go to Camp Kearny last Monday, but no response was secured. If he is not located by July 15 the first alternate will go.

The tentative list follows:

William C. Handley, 35½ Plaza Square, Orange.

Loupe Sotello, Center street, El Modena.

Bernardo Marco Yorba, R. F. D. 3, Anaheim.

CULTIVATE IDLE LANDS

OF MEXICO. PLAN OF

THE GOVERNMENT

Commission Now In Southern

California, Request Sup-

plies From U. S.

LOS ANGELES, June 28.—Mexican government funds are to be used in purchasing American machinery and supplies for starting a gigantic farming effort in the southern republic. A mission, comprising Carranzista government officials, is here today on a tour of the United States that will end in Washington with a request that arrangements be made whereby farm supplies can be sent over the border.

Heading the mission is Pastor Rouaix, Mexican minister of agriculture and promotion. Accompanying him are Jose Duvalon, director of agriculture; Ignacio Bancalari, director of irrigation; Salvador Tescano, director of forestry. They will spend a week in California, mainly in visiting agricultural sections, then go to visit Secretary Houston of the Department of Agriculture.

"Peace again pervades Mexico," said Rouaix, "and our mission was sent out on the theory that proper agricultural development will make for better government. In addition to locating Mexican people on new idle Mexican lands, the plan contemplates sale of machinery, etc., to these people by the government on easy terms, so that all the devastated ranchos and tillable lands heretofore used as battlegrounds in internecine warfare will become really productive, not only feeding all of the Mexican people but the people of other lands now looking to the United States for aid."

## "Hearts of the World" to Be Shown Here on Monday

Apparently motion picture producers who deal only with gigantic undertakings, such as "The Birth of a Nation," "Intolerance," "Cabiria," "Hearts of the World" and similar unusual features, have temperaments and souls. The report comes from the studios of David Wark Griffith at Los Angeles, that this producer, working over the arrangement of his greatest triumph, "Hearts of the World," which will be shown at the Temple theater Monday matinee and night, spent sleepless nights and seemingly unending days of mental torture over the necessary cutting of his precious film. When it is known that Mr. Griffith actually "shot" more than 200,000 feet of film, the sacrifices he made to get his production down to an evening's entertainment requiring but 12,000 feet may be appreciably imagined. Perhaps Mr. Griffith's experience may be best understood in his own words.

"Of the thousands of feet of film exposed in this work, it was, of course, impossible for me to use in 'Hearts of the World' more than enough to make an entertainment of some three hours. This requires 12,000 feet, so my friends can imagine the suffering I endured during the long days and nights that my camera men and I spent in cutting this almost priceless material. Every inch of those discarded feet seemed like a drop of blood from my very heart, and I must confess that it was the saddest experience I have ever had in my life. Every turn of the crank during the taking of the scenes in France represented the realization of my greatest ambition—to give to America a romance of the great war—and to have to cut it down to its present size was to me like cutting off the ears of a favorite son. It was the keenest torture to me."

It is interesting to note that this wonderful production will be shown at the Temple theater in Santa Ana at the same time of its successful showing at the Auditorium theater in Los Angeles.

AMUSEMENTS

WILLIAM FARNUM IN "TRUE BLUE" AT PRINCESS THEATER

William Farnum is always fighting on the films. If he was like that when he was a boy it's a good bet that every day at recess and after school the word went "round": "Bill Farnum is fighting again!"—and the mollycoddles ran home to tell mamma, while the real kids stood around and studied his action. So it is in the picture theaters today.

When word is passed around that William Farnum is appearing in a new Fox film the "fight fans," both male and female, flock to the lucky house confident of witnessing a good scrap.

No battle-scarred veteran of the ring has had half as many "rough-and-tumble" — "knock-down-and-drag-out" contests with virile villains as Farnum. But "Bill" Farnum always battles for a good cause—and usually wins. Sometimes he is "badly disgraced," but still in the ring, as the old sporting reporters used to write—still right is always triumphant in the end.

In his latest Fox picture with the attractive title, "True Blue," at the Princess Theater, Farnum fights for freedom—from the restrictions of caste, the rule of privileged classes and for independence, just as our ancestors did.

## PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, June 28.—Led by dainty little Evelyn Smith as flower girl and ring bearer, Miss Rae Whitcomb and Charles Phillips were married Wednesday evening in the Masonic hall by Rev. Herbert Harris, with the impressive ring service of the Episcopal church.

Palms, ferns and feathery pepper boughs formed a background against which large jardinières of pink gladiolus were used to form an altar.

Preceding the marriage Mrs. F. L. Chapline sang "Oh, Promise Me," and "I Love You Truly," accompanied by Mrs. E. J. Brown, who also played the wedding march.

A high school romance was culminated Wednesday at the home of Mr. and Mrs. Charles Spotts, when their daughter, Sylvia Dane, became the bride of Dr. Morris J. Thompson, son of Mrs. M. B. Thompson.

The home was artistically decorated with white roses, white wild flowers and mountain ferns. The bride and groom took their places unattended in front of a background of fern intermingled with white blossoms. Rev. W. H. Galbraith of the Baptist church performed the marriage ceremony.

After an informal reception the bridal couple left for a short trip.

Members of the S. O. P. H. Club were royally entertained by Miss Ruby Winterrowd with a slumber party at Newport Beach. The girls planned to do some fishing besides the customary stunts but proved to be too noisy. With plenty of eats, the girls failed to lack entertainment of many kinds.

A very pleasant time was enjoyed Wednesday when Miss Vilma Benson entertained several of her friends at an informal party. The afternoon was spent in knitting, conversation and music, after which dainty refreshments of fruit jello and wafers were served by the hostess. Those present were Misses Marie Grecht, Della Franzen, May Benson, Ruth Benson, Margaret Squires, Edna Kohler, Helen Hoenshel, Vilma Benson and Mrs. C. L. Benson.

Miss Susan Stokes of San Diego, former teacher at the Orange high school, is spending a few days in Orange.

Miss Elizabeth Crowell has gone to Los Angeles to spend several days.

### THE DUTY IS YOURS

Today is the last day of the War Savings Stamps drive.

In previous drives, the Register has made a point of calling the attention of the citizens to the fact that the duty of putting the city and the county over the top is not a duty that belongs exclusively to some committee or to any body of volunteer canvassers. The duty is no more theirs than it is the duty of any other equal number of citizens.

The duty is one that belongs to every man, woman and child. With the call being made directly to people of small bank accounts and to people without bank accounts, as well as to those who have a goodly share in this world's goods, the duty is more plainly placed upon every person even than it was in previous drives. When a man could not possibly afford to buy a \$50 Liberty Bond and when there was no way in sight by which he could possibly pay for one, he could not be expected to pledge himself to take one. With the War Savings Stamp offer, conditions are very different. The appeal is to a wider field, to a greater number of men, women and children. The duty is upon each one of us to save and win.

That duty is not placed upon you by the visit of a solicitor. That duty is yours regardless of whether or not F. L. Andrews, Horace Fine, or any other of those who have been giving a lot of time to carrying this campaign forward has personally put the matter up to you. It is more your duty to find a place and an opportunity to sign a pledge than it is theirs to find you and persuade you to do what you ought to do without persuasion.

In spite of faithful canvassing done by the body of earnest volunteers who have been out doing government work in the W. S. S. drive, there are doubtless many who should be among the pledgers and who have not been seen by the canvassers. There are others who have concluded that their pledges were not big enough. Upon each of them rests an individual responsibility. If any one of them fails to sign a pledge, the responsibility for failure to do whatever duty lies in the signing of a pledge rests upon the individual, not upon the committee nor the solicitors.

The committee has made arrangements to receive pledges tonight at the Santa Ana Chamber of Commerce. Those who have not signed or who wish to raise their pledges may do so tonight at the Santa Ana Chamber of Commerce rooms up to 9:30 o'clock. The duty is yours.

### TRAINING FOREIGN COMRADES

Authority is to be given our war department to provide military instruction in this country for men representing allied countries. The primary object, apparently, is to facilitate the training of Britons, Frenchmen, Italians, Canadians, etc., who happen to be living in the United States. We can easily put them through the military mill along with our own troops. There is an additional possibility, however, that appeals to congress and should appeal strongly to the American people.

It is that men may be brought here for training from Brazil, Cuba, Costa Rica, Nicaragua and other Latin-American countries that have joined the allied cause.

The administration is said to favor such a policy. It is not known as yet how our Latin allies would look at it, but the natural presumption is that they would welcome so convenient a way of enabling them to get into the fighting quickly and effectively.

There would be no humiliation in the process. It happens that we have better facilities now for training soldiers than they have. We have the training camps, the instructors, the organization, the ships. The cause is all one. They could pay their proper share of the expenses, participating in our preparations on a perfectly self-respecting basis.

It is easy to foresee the fine spirit of co-operative Americanism that would result from such a blending of men and effort. We and our Latin brethren would learn to know and like each other better. It would be a big step toward the consolidation of the Western Hemisphere in a great, democratic brotherhood to resist foreign aggression and uphold American ideals.

A motor truck brought 150 crates of eggs into New York the other day. It was a five-ton truck, and the weight of the eggs was nearly four tons. The rest of the load was crated glass. The journey was from Vineland and Millville, N. J., a distance of about 140 miles, and not an egg was broken. Delivery was made from the shipper to wholesaler in 15 hours, which is better time than that made by express. The experiment was made by the Bureau of Markets of the U. S. Department of Agriculture. There is no question about the future of the motor truck business.

The call is out for everybody to save coppers, nickels, dimes and quarters for Uncle Sam and Liberty. You wanted to help when the Liberty Bonds were offered, but possibly the terms were not easy for you, but now comes your great patriotic opportunity—War Savings Stamps. Buy them conveniently at the stores you visit.

"When you are all disciplined, you are invincible," says Cardinal Gibbons. The army and navy are disciplined. What we need now is civilian discipline.

The Allies have held and beaten the enemy when he was at his strongest and had the best chance of success.

### Beans As a Substitute For Beef

From the Wall Street Journal

Like the mule in the American army, beans are considered one of the essentials of warfare. There has been a disposition to economize in their use in order to provide for the army and navy, but now the food administration asks the people to eat more of them. The reason is not difficult to find. The meat supply must be guarded, and beans will take the place. Indeed they are to be regarded as a substitute for meat rather than for cereal and vegetable foods.

The protein content is large, being about 22 per cent, and twice that in the soy bean with which we are just becoming acquainted. Measured by calories, one pound of the ordinary beans is equal to two pounds of round steaks or eighteen eggs. It would take five pounds of potatoes to balance one of them.

While they cost enough to tempt the appetite of those who relish nothing unless it is expensive, yet they are comparatively cheap. A quart of them, worth 20 cents, will equal a dollar's worth of meat. In the past, Boston has been wiser than the rest of us. It's a pity that other parts of the country have not made them an institution instead of waiting for official authority to ask them now to eat beans.

But if meat is necessary in great quantities for the army, as it is, loyally will the people respond to the appeal to turn to beans; the next call must be addressed to the farmers. Last year they increased the production 59 per cent. But to meet the new situation made by the war, last season's production should be doubled this year. There is still time to increase the acreage and raise a large proportion of this meat substitute, a real and not synthetic food.

### War Gloomsters

From the Pasadena Star-News

There are a few chronic war gloomsters and grumblers abroad in the land, it is said. They have faces that would stop a baby's smile. They go about bowed down with the weight of their gloom. They shake their heads mournfully as they pour out their Jeremiah lamentations. The war is not going right. This country may not be able to win, even after it uses all its manpower and its economic resources. The government at Washington is not doing just what it should. The Germans have great power and resources that we know nothing about. And so on, ad infinitum, and particularly ad nauseum.

Scowl upon the war gloomster. He may not intend to be a disloyalist. But he is playing the enemy's game, whether he intends to do so or not. If these gloomy, grumbling, hopeless ones would get real busy doing something useful to help win the war, they might dispel their gloom. At any rate, those who dwell in the fogs and clouds of pessimism and despair as to the outcome of the war should be padlocked in the mouth.

### A Better Word Than Peace

By Henri Chapelle of The Vigilantes

Words are living forces. Why then do we talk of "Peace" when it carries the picture of opponents signing compromise agreements?

"Victory," standing for success in a righteous struggle, is a better word for our use, and morally sound, but it smacks too much of a melodramatic dash in battle, bringing an opponent to a mood of submission. We are, alas, far beyond that day, with an opponent too arrogant to think of submission. Besides, we must resign the word since crimes that shriek to heaven make the enemy aware that mere submission cannot cover his guilt.

But we can use the word "Conquest." It stands for definite achievements and effective work. Historically, the United States has freed it of moral objection, by operations in Cuba and the Philippines which could hardly be termed "Peace" nor "Victory" but have been referred to as "Conquests." The justice and cleanness of the subsequent facts of administration have taken the sting from the word.

A similar "Conquest" is much needed in Central Europe. It is a good word for a clean success, "Conquest."

### Bud Flivver's Observations

\*\*\* Maybe Darwin was right—When he said—The human race—Ascended from the monkey—

\*\*\* But I would—Just as soon think—That man originated—With some other—Kind of dumb animal—

\*\*\* And I never realized—How much some men—Resemble dumb beasts—Until the other night—

\*\*\* And Percy Doolittle—Came over to ask me—Would I help him decide—What kind of a beard—He should grow—

\*\*\* And he had—Some false beards—And false mustaches—So I could decide—What kind he—Looked best in—

\*\*\* And he put on—A false chin beard—And he looked so much—Like Aunt Hannah's goat—I wanted to club him—

\*\*\* And he put on—A drooping mustache—That made him look like—Simon Legree—In Uncle Tom's Cabin—

\*\*\* And the next one—Was a pair of burnisides—And he made me think—Of a collie dog—I used to have—

\*\*\* And he tried on—A full beard—And he grinned—And he looked so much—Like a monkey—I wanted to—Give him a peanut—

\*\*\* And the next—Was a mustache—That turned up—On the ends—And all I could think of—Was the beast of Berlin—

\*\*\* And he put on—A long, black beard—And strutted around—And he reminded me—Of the Wild Man of Borneo—

\*\*\* And he asked me—Which did I like best—And what kind of a beard—Should he grow—

\*\*\* And I told him—I didn't like—Any of them best—And he wanted to—Try them all on again—

\*\*\* And I wouldn't let him—Because I was afraid—I might lose my temper—And hurt him—

\*\*\* And I told him—If it wasn't—For his big teeth—And weak chin—I would advise him—To shave smooth—

\*\*\* And he got peeved—And said he was in love—And he wanted—To please his girl—By looking like a man—

\*\*\* And I told him—If he was wise—He wouldn't mix—A hairy face—With a love affair—

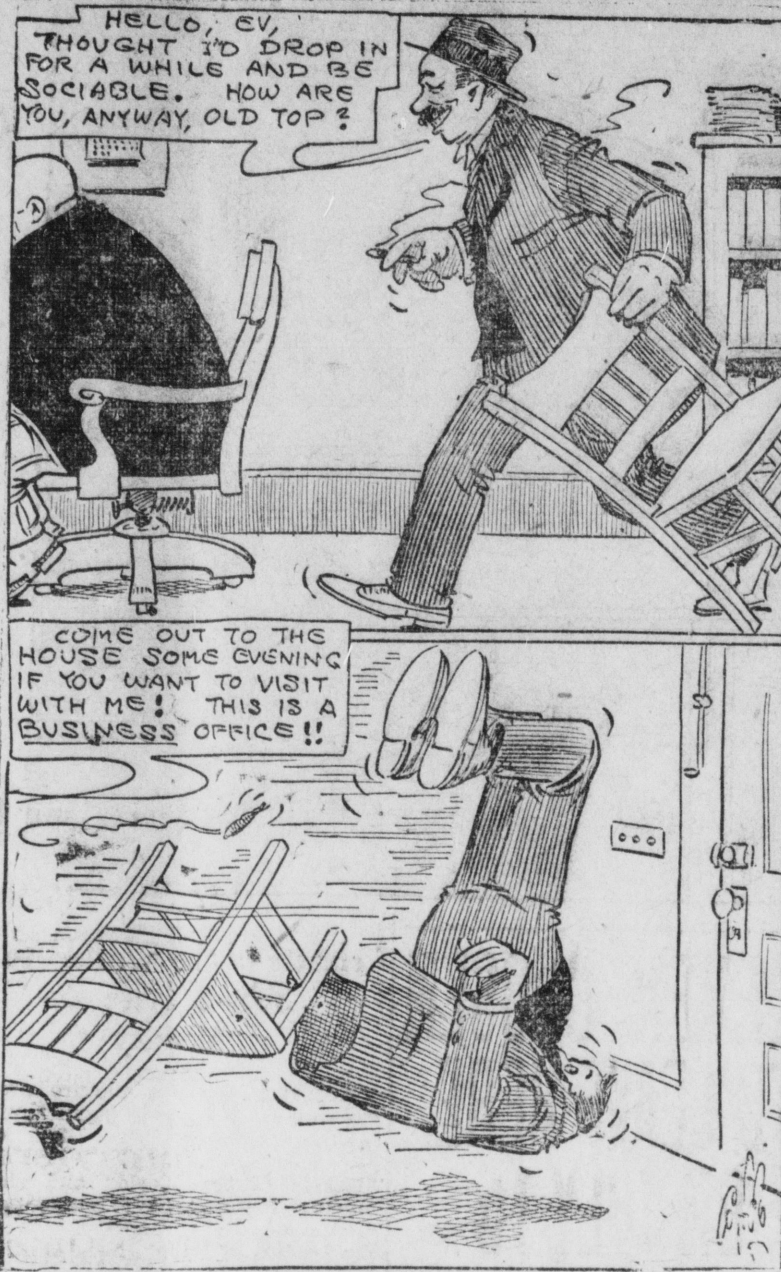

\*\*\* Because he could never—Tickle any girl—Into the belief—That she was—In love with him—By Bud.

### OUTBURSTS OF EVERETT TRUE

### Political Announcements

JOHN B. COX

Justice of the Peace Cox is a candidate for re-election to the office of justice of the peace of Santa Ana township. Justice Cox is perfectly willing to submit his files and his judgments as his ground for re-election. He has made it a policy to treat everybody alike. "This court knows no royal blood," said he when he took office, and he defies anyone to show wherein he has shown favoritism to anyone. His iron-bound policy in handling speeders admittedly brought real results, and his friends say that for that alone the people of Santa Ana township should stay by Cox in this election. Attorneys say that Cox runs his court according to law and common sense, and his rulings and judgments show that he has made a first-class magistrate.

Birthday of Member Added  
to Pleasure of O. P. Q.  
Meeting Yesterday

Mrs. D. W. Hamilton yesterday afternoon was hostess to the O. P. Q. club at her home on North Ross street. Yesterday afternoon the birthday of Mrs. W. A. Lowman, one of the club members, and a little extra celebration was held in her honor. A beautiful birthday cake with candles appearing as a most enjoyable part of the dainty refreshments. The table bore a centerpiece of Shasta daisies.

Music and knitting for the soldiers occupied the pleasant afternoon hours and several interesting kodak pictures of the group of friends were taken, and will be a happy reminder of the day. Those present were Mmes. Charles Mitchell, Frank Cannon, W. A. Lowman, Garlock, J. C. Winans, Eliza Potts. The club members greatly regretted the absence of Mrs. G. B. Darnell, who has been ill for several weeks.

**Lincoln School Red Cross Work**  
Several Lincoln school mothers met yesterday afternoon at the school house for Red Cross work. The sewing to be done this summer consists mostly of babies' layettes, and yards of fleecy blue and white flannel and soft white flannel was yesterday cut into the little garments, which will be taken home to be made up by the women who can give a few hours once in a while to the work. The cut-out garments may be obtained from Mrs. William Nord at 202 East Sixteenth street.

**Bonsell-Rutherford**  
Miss Harriet Rutherford of this city and E. E. Bonsell of Riverside were married yesterday in Los Angeles. The bride returned to her home here, and the groom left for Camp Kearny, where he is now stationed in his country's service. The marriage was witnessed by Mr. and Mrs. Bryan and their little child. Mrs. Bryan is a sister of Mrs. Bonsell.

**Daughters of Revolution**

Noted Lecturer and Plans For  
Summer Work on  
Program

Tomorrow afternoon at Elks' hall the Ebells society will hold its last meeting for the season. A resume of the year's work will be given and plans made for the summer's work.

Katherine Wells Smith of Los Angeles will lecture on "Poetry Born of the War." Mrs. Smith is a prominent member of the Friday Morning club in Los Angeles. Her lecture has been given before several Los Angeles and Pasadena organizations, and has been so well received that the government has asked for its publication as regular war literature.

The Ebells society is to be divided into three sections, each under a chairman, for the prompt and efficient handling of whatever work may be required of it during the summer vacation months. A large attendance is desired.

RAILROAD EVANGELIST  
IS HOLDING REVIVAL

An excellent meeting was held at the Free Methodist church last night. Evangelist Lewis preached a rousing sermon from the text, "Therefore being justified by faith we have peace with God."—Rom. 5:1. "The truth was clearly presented and the conditions of justification set forth so that it struck home to all hearts," said one of these present. "Rev. Lewis is quite an able speaker, and certainly lays a good solid foundation. He has had a remarkable experience, having been a railroad engineer for years. He tells about his railroad runs and applies them spiritually, which makes his sermons very interesting and brings out his points more clearly."

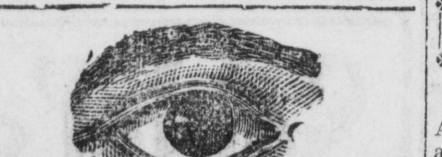

His subject tonight will be "The Abundant Life."

Lemon Juice  
For Freckles

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Adv.

Red Cross Benefit Last Night  
—War Savings Society  
a Success

The Fraternal Brotherhood social given last evening for the benefit of the Red Cross proved a very happy affair to the large number of members and their friends attending. A beautiful hand-embroidered handkerchief donated by Mrs. L. W. Slaback was auctioned off by Mr. A. A. Wilcox, netting the neat sum of \$9.10. Ice cream and cake were served to increase the benefit fund and dancing was enjoyed until a late hour.

The Fraternal Brotherhood War Savings Society, organized last week, is meeting with success. The secretary, Mrs. Helene Galbraith, reported the sale of \$420 in W.S.S. for June, with many other pledges for the future.

INSTALL PASTOR AT  
ANAHEIM THIS EVENING

ANAHEIM, June 28.—The Rev. C. B. Blanchard Hatch will be installed as pastor of the Anaheim Presbyterian church this evening at 8 o'clock. The ceremony will be conducted by a committee of Los Angeles Presbyterians. Rev. T. D. Wallace, D. D., who was for many years pastor of the Eighth Presbyterian church of Chicago, will preside. The installation address will be given by Rev. A. B. Pritchard, D.D., associate pastor of Emanuel Presbyterian church, Los Angeles. A charge to the pastor-elect will be delivered by Rev. John H. Hamer, D.D., formerly of Moody Bible Institute, Chicago, now of Los Angeles.

Rev. Frederick W. Mitchell, pastor of Cypress Park Presbyterian church, Los Angeles, will address the congregation. Mr. Mitchell is well known and most highly esteemed in this community, where he was pastor for several years, and will no doubt be very cordially welcomed by a host of friends who will take advantage of this opportunity to hear him.

Following the installation service there will be an informal reception for the new pastor of the church.

## PERSONAL MENTION

Mrs. Emily Peterson Lord is at Big Bear valley for two weeks stay with friends.

Mrs. Z. B. West, Jr., received news this week that her husband, Lieutenant West, was in New York City, on the way to France.

Miss Ella McLean and Miss Grace Lewis, two city kindergarten teachers, left this week for summer vacation. The former is with her parents in Long Beach, and the latter is at the home of friends at Eagle Rock.

Mr. and Mrs. A. Hoffman and family and Mrs. Maude Swarthout and daughters Gladys and Mildred, motored to San Diego this morning for a two-weeks' stay. Mrs. Swarthout will visit her son, W. L. Swarthout, who is enlisted in the signal corps at North Island.

Mr. and Mrs. O. K. Forgy and family returned last evening from a two days' trip to Bakersfield, where they report exceedingly warm weather but crops and orchards looking fine. Mrs. Forgy and daughter Dorothy spent today in Los Angeles.

Mrs. W. H. Peck and daughter were visitors in Los Angeles today.

W. H. James transacted business in Los Angeles today.

Mrs. Hester C. Walbridge and her daughter, Mrs. Ruth Riley, and Miss Pauline Riley, left this morning for San Diego to be the week-end guests of Major C. D. Householder and family.

Mrs. William St. Clair, formerly Miss Mayme Hucker, who has been at Tacoma for the past five months, has returned home, her husband, who has been stationed at Camp Lewis, having left that cantonment.

Miss Belle McDermott returned today from a several days' visit with Mr. and Mrs. Duane Holmes and family, who are summering at Newport Beach.

Miss Opal Davis, former office deputy at the sheriff's office, has returned from Bakersfield, where she has been employed in the county assessor's office, and will leave next week for San Diego, where she will make her home.

Miss Zilpha Dempsey, a Santa Ana teacher, left today for Vallejo, where she will visit relatives before going on the Portland, Ore., where she is to spend the summer, returning here in September.

ASKS WOODEN BOXES BE  
NOT USED FOR OVERSEAS

In view of the receipt at the dispatching office in a damaged condition of many packages for the troops abroad which are packed in thin wooden boxes, and of the liability of damages to the mail sacks by boxes made of heavy wood, the post office department requests all patrons to discontinue the use of wooden boxes for enclosing articles for members of the American expeditionary forces in France and other countries, and according to the nature of the articles, either to pack them in strong corrugated cardboard boxes or wrap them in heavy paper, sacking, bagging or cloth. As the weight of parcels for troops overseas is limited to seven pounds, it is evident that there is no apparent necessity for the use of wooden boxes to transmit inclosures.

—W. S. S.—

Word has been received that Park Walker of Orange has safely arrived overseas. Walker was recently transferred from Ft. Rosecrans. He is in the coast artillery.

## NEWS IN BRIEF FORM

Mr. and Mrs. N. J. Warner and their daughter of 1417 North Main street, and Mr. and Mrs. B. J. Chandler are on their way by auto to Seattle. Writing from Bakersfield, Mr. Warner says that they found the valley very warm, too hot to sleep at night.

Walter Hart, formerly of Placentia, and Henry Schluter, formerly of Orange, both employed in the L. A. ship yards, broke the world's record for drilling and reaming holes in ship plates. They drilled and reamed 2736 holes, working nine hours on night shift. The best previous record, 2200, was made in Philadelphia.

Marshal Wood of Anaheim has appointed Fred Mynard as motorcycle speed cop, and will have him work at stated intervals during the busy part of the day and only on certain days during the week. While devoting his time to hunting down the speed maniacs, Mynard will be relieved as fire truck driver by an assistant. Officer Mynard was out a few days ago and ran down at least twenty drivers who were making better than 30 miles.

Mr. and Mrs. James R. Randall of South Birch street, have received word that their son, who was Major Guy B. Randall, is now a colonel, probably one of the youngest in the army, as he is but 30 years of age and has been in the service but seven months.

Fred Hudson's patriotic spirit has impelled him to make a change in occupation. He has decided that making photographs is not essential to the winning of the war, consequently he is preparing to give up his business for the present and go into the shipyards at Long Beach. He will probably resume the photographic business at the close of the war.—Anaheim Gazette.

Miss Marjorie Shaw, deputy in the city marshal's office, is quite ill in Los Angeles from ptomaine poisoning. She went to Los Angeles last Friday for a visit. Miss Maydelle Jernigan is taking her place while she is away.

George Vance, formerly of this city, has left Camp Lewis with the 364th regiment for New Jersey, from which place he expects soon to leave for France.

The Child Welfare station at 113 East Third is rapidly becoming popular with mothers with babies who are not getting along as well as they would like. Yesterday sixteen were examined, some for the government record which has been asked. Physicians give of their time freely every Thursday afternoon for the American babies and on Wednesday afternoon for the Mexicans, and nurses are sent on these days from the Santa Ana hospital.

The office of the Social Service League at 113 East Third street is being swamped with applications of children of the city who want work in the apricots. The secretary, Mrs. J. H. Leebick, wants to get the employees and employers together, but as yet has not been applied to for help.

Word has been received that Park Walker of Orange has safely arrived overseas. Walker was recently transferred from Ft. Rosecrans. He is in the coast artillery.

The Orange Union high school band

will give its first public open air concert Saturday evening in the plaza. The band, consisting of about thirty-five pieces, has been developed this year by Principal Hoenshel and is the pride of the school.

Mexico's secretary of agriculture, Sr. Pastor Rouaix, and his notable party who have arrived in Los Angeles from San Diego, to make a study of conditions in the southland for the betterment of their country, plan to make a visit in Orange county during their stay of a week in and around Los Angeles. The prominent visitors from Mexico wish to see the grain ranches of this county particularly. Gen. Emilio Salinas, local Mexican consul for Los Angeles, met the distinguished party in this city yesterday evening. It is hoped to reclaim many acres of land in Mexico.

## EVERY ONE MUST DO HIS PART

Every one can help to win the war by buying Thrift and War Savings Stamps. We must make available for our army and navy the materials which we have been accustomed to use for ourselves. When we buy War Savings Stamps, we are saving money which we might otherwise use to buy for ourselves the goods which the government needs. But it is not simply a matter of goods; when we spend, instead of saving, we require men to work for us who ought to be working for the government. Men who work to produce for us luxuries or comforts, which we can get along without, cannot work for the government.

## Court House News

### MALT TONIC SALE BRINGS \$100 FINE TO BEACH DRUGGIST

This morning Judge Thomas imposed a fine of \$100 upon P. F. Warren of Laguna Beach for having sold malt tonic. The sale was made several weeks ago, and Warren was arrested and prosecuted upon a charge of having sold a malt beverage inside the limits of the fifth supervisory district. He was found guilty on the evidence submitted to Judge Thomas. The defense raised but one point, and that point was whether or not the malt tonic was a beverage. The judge found that it was.

Warren is a druggist at Laguna Beach. It was declared by the defense that the tonic sold by Warren was similar to tonics sold by druggists everywhere without thought of its sale being in violation of dry laws.

### MISS GLADYS FIFIELD GATHERING WAR DATA

Miss Gladys Fifield, deputy county treasurer, has been appointed to gather data in making up the roll of Orange county men in war service. The cards completed by her will be filed in the county recorder's office as a permanent record. Miss Fifield is doing the work outside of office hours. The committee of the Associated Chambers of Commerce having the work in charge is composed of Dr. Freeman of Fullerton and A. B. Paul and J. C. Joplin of Santa Ana.

### FOR QUIETING TITLE

Action to quiet title to two lots at Laguna Beach has been brought against F. W. Mansur as administrator of the estate of William R. Williams. J. N. Isch is plaintiff for title to lot 111, Laguna Beach, and F. M. Robinson for lot 51, Laguna Beach. Walter Eden is attorney for the plaintiffs.

### HIS TRIAL CONTINUED

The trial of Joe Peralta of Yorba was continued to July 1 at 10 o'clock. He is charged with selling liquor illegally. The reason for the continuance was that his attorney on account of illness in his family could not be present.

### HIS TRIAL IS SET

The trial of Julian Luna, charged with attacking a minor girl, has been set in the superior court for August 5.

### ACTION IS BROUGHT FOR POSSESSION OF FULLERTON PLACE

Today action was brought by W. P. Winston against R. D. Trapp. The plaintiff asks that he be put in possession of lot 24, Stern & Nicolas subdivision, Fullerton. The complaint states that on June 8, 1916, a year's lease was given Trapp. Trapp has held possession till this time. The court is asked to find judgment that puts Trapp out of possession of the property.

### TOOK BEACH FISH POLES

J. S. Stewart of Newport Beach complains that a man in a Ford has stolen some fish poles, painted blue with red stripes, from him.

### CHARGES CARELESSNESS

G. A. Shampang of Orange has sworn to a complaint charging Neal Raney with careless driving of an automobile on May 11, when two machines came together here.

### APPRAISERS NAMED

E. W. Bolinger, D. B. Griffith and State Appraiser Anderson have been appointed to appraise the estate of Mary E. Boyer, who died at Orange.

### DEFAULT JUDGMENT

Judgment of \$702.15 was given today by Judge Thomas to P. J. Weisel against Fred L. Hunt upon a note. The defendant did not appear.

### SUING FOR ANNULMENT

Out of a wedding that occurred the first of the week there has come an annulment suit. Sabina Ordez is suing in behalf of her daughter, Ysabel, who married Nicolas Ramirez. Ramirez is under arrest on a charge of perjury. He is alleged to have given the girl's age at 18 when she was but 16. Mrs. Ordez asks that the marriage be set aside. M. A. Cain is attorney for the plaintiff.

### THE BEST INVESTMENT

While all kinds of government investments are excellent, and the Liberty Loan furnishes a splendid opportunity for the investment of large sums of money, thrift stamps and War Savings Stamps are essentially the investment for poor people. These Baby Bonds are not taxable and pay four per cent interest compounded quarterly. In this respect they lead all savings banks, the United States Postal Savings System and the Liberty Loan Bonds. At the same time they are convertible into cash with a reasonable rate of interest on ten days' notice to the postmaster, thus making them a liquid investment that may be taken advantage of by those overtaken by sickness or other misfortune.

The cutting of olive trees in Italy for fuel or any other purpose is now prohibited by decree of the king.

## NEED \$25,706 TO PUT CITY OVER W.S.S. QUOTA TONIGHT

Increase Your Pledge This Minute, Results Go to Washington Tonight

Residence precincts	\$ 66,100
Business district	23,075
Clubs	66,120
Schools	18,000
Postoffice	101,000

Total \$274,295  
Santa Ana's quota \$300,000  
Deficit 25,706  
Are there ten men in the city who have pledged \$1000 in War Savings Stamps who will duplicate the amount for their wives or other members of their family?

Are there 150 pledgers in addition to the thousand dollar men who will increase their pledges \$100?

Santa Ana at noon today was \$25,706 short of her quota. If the number of men or women indicated above will come forward tonight, the telegraph wires tonight will carry to President Wilson the glad tidings that Santa Ana has again met the demand of the government to supply another quota of money to carry on this big war—this war for the freedom of the whole world.

City Chairman F. L. Andrews and Drive Chairman Horace Fine will be at the Chamber of Commerce room until 9 o'clock or after tonight, where anyone who is willing to increase his subscription, or who has not pledged at all, will receive a cordial welcome.

A hundred or more of busy business men and some women have given the greater portion of their time this week in putting Santa Ana over the top in the War Stamp drive. The goal is nearly reached. The people should finish the work—should put the city over so that it will not be necessary again to make a drive. Everyone who can increase his pledge in any amount should do so and do it tonight. Let everybody loan—not give—until it hurts. The obligation can be met any time within the next six months. Can be paid from future earnings.

One of the prettiest and most interesting contests in the campaign has been the fight between precincts 24 and 29 for first honors. At the close of the report yesterday at 1 o'clock, number 24 was in the lead and by evening 29 topped the amount. This morning 29 was again in the lead and just before 1 o'clock number 29 slipped one stamp over 24. The total for 24 is \$5615 and for 29 it is \$5620. R. G. Tutill and C. F. Smith are captains of 24, and C. E. Hilton and E. P. Verner are captains in 29. Their positions may be reversed before tonight.

Santa Ana Council No. 14, F. and A. M., has pledged \$200 in War Stamps and has purchased \$200 worth of Liberty Bonds. Other fraternal organizations also have bought or made pledges. The War Savings Stamps are a splendid investment for organizations that have money in the treasury, for the interest accumulates and is paid on Jan. 1, 1923, with the principal.

Wm. R. Gordon and Jerry Trickey, in the business district, this morning signed up every one of the women employed in the Santa Ana steam laundry, thirty women pledging \$700, or nearly \$25 each. This is a splendid showing for the women who are earning their money at the laundry. It evidences that they intend practicing thrift and laying aside a portion of their earnings during the coming six months.

Will Santa Ana go over the top tonight? It is up to the people.

### NON-PARTISAN LEAGUE LEADS IN NO. DAKOTA

BISMARCK, N. D., June 28.—Primary election returns today indicated the National Non-partisan League again has captured the state administration. Returns from 50 out of 53 counties showed Gov. Lynn Frazier, League leader, John Steen for the Republican gubernatorial nomination by 12,000 votes. League officials claim the nomination of three Republican candidates for congress, including Representative John Baer.

MUSTN'T CALL HIM THAT  
SAN FRANCISCO, June 28.—"Pot walloper" is not a nice name for a wife to call her husband.

Such is the ruling of Judge Mogan's court here today. Judge Mogan granted L. E. Townsley a divorce from his wife, Helen, on Townsley's testimony that his wife applied that name to him.

### CAMP LEWIS HEAD DEMOTED

GEN. H. A. GREENE.

General Henry A. Greene, who has been in command of the national army division at Camp Lewis, Wash., has been demoted from major general to brigadier general and assigned to the command of the Philippine department. He has protested and is going to Washington to try to have the order rescinded. No reason for his demotion is known.

### WHIRLWIND FINISH OF WAR SAVINGS DRIVE IS HELD TODAY ON COAST

SAN FRANCISCO, June 28.—Answering the call of President Wilson to observe today as War Savings Stamp Day, every city and town in California, Nevada, Arizona—on the entire Pacific coast in fact—brought their War Savings Stamp campaigns to a whirlwind close today.

During the last five days committees have been visiting even the most remote regions securing pledges for stamp purchases. Millions of dollars have been pledged to the purchase of stamps, as a result.

San Francisco, Los Angeles and many other cities brought the campaign to a close with patriotic meetings.

WASHINGTON, June 28.—This is War Savings Day.

So is every day, but today, by proclamation of the secretary of the treasury, is especially set aside for culmination of the greatest organized effort for sale of W.S.S. yet undertaken throughout the nation.

The income of the government from the little green stamps will be more steady after today, as millions of people have pledged themselves to buy stamps regularly.

### CAR JUMPS RAILS AT NEWPORT; NO ONE IS INJURED

NEWPORT BEACH, June 28.—The Pacific Electric car leaving Los Angeles at 9:35 Wednesday evening and reaching Newport Beach at 11:30, was partially wrecked near 15th street, but none of the passengers aboard were injured, aside from a severe shock and shaking up.

The accident occurred near the Pacific Electric sub-station, and evidently the car jumped the rails at the switch to the sidetrack at this point. Fortunately, the car was traveling at a slow rate of speed as the power was low, otherwise the accident might have proven far more serious. The front trucks of the car apparently left the rails immediately after hitting the switch and ran along for some distance on the ties, while the rear trucks took the switch and ran onto the sidetrack.

After bumping over the ties for a

## SAND DUNE CUT HEARING WILL BE HELD ON JULY 18TH

Col. Heuer to Be Here to Take  
Testimony on Harbor  
Commission Petition

Formal notice of the hearing by the United States engineer office of the application of the Orange County Harbor Commission for a permit to cut a new channel for the mouth of the Santa Ana river has been given by Col. W. H. Heuer. The hearing will be held on July 18.

The petition was filed by the harbor commission in order to get the question of a permit cleared away so that it would not have to be dealt with when the time comes for taking further steps toward the improvement of Newport harbor.

The proposal to cut a channel through the sand dunes into the ocean is one that is of a good deal more interest than is to be found in its relations to the harbor alone, important as that is. The Newport Protection District directors have been figuring on the change for a number of years. It was recommended long ago by H. Clay Kellogg, engineer of the district, as the best means of getting rid of the menace of overflow in the lowlands adjoining the sandspit running down from Huntington Beach to Newport Beach. A few years ago the action of the flood waters threw up a mud bar across the channel near the point where the channel leaves the

## GIVE SEVEN-STAR SERVICE FLAG TO AMERICA'S CHAMPION WAR MOTHER

MISSSES COWHERD AND ROGERS HOLDING THE SEVEN-STAR SERVICE FLAG NOW ON ITS WAY ACROSS CONTINENT TO THE COTTAGE HOME OF AMERICA'S CHAMPION WAR MOTHERS.

A beautiful satin service flag for America's champion war mother, Mrs. Mary J. Wyman of Redwood City, Cal., has been sent to her by two Kentucky girls. These girls, Miss Mary Cowherd

of Louisville, and Miss Mary Rogers of Bowling Green, read the story of how Mrs. Wyman, who had given seven sons to her country's service, was unable to buy a service flag for her little home.

lowlands section, causing the storm waters to back up over a large area. Colonel Heuer's formal notice of the hearing is worded as follows:

"United States Engineer Office  
"401 Custom House,  
"San Francisco, California.  
"June 25, 1918.  
"TO WHOM IT MAY CONCERN:  
"The Orange County Harbor Commission has applied for a war department permit to construct a new outlet for the Santa Ana river so as to divert it into the Pacific ocean at a point about two and one-third miles northwest of the present ocean wharf at Newport Beach instead of into Newport Bay, where the river at present empties.

"To consider this application, a public hearing will be held at 11 o'clock a. m., Thursday, July 18th, 1918, in supervisors' room No. 15 at the county court house, Santa Ana, Cal.

"The purpose of the hearing is to enable interested parties to submit in writing their views as to the necessity for or desirability of diverting the Santa Ana river into the Pacific ocean. Persons interested are invited to be present at the hearing at the time and place mentioned, when all will be given an opportunity to present their views.

"Oral statements for and against the diversion will be received, but it is much preferred that the ideas or views be presented in writing and submitted in triplicate. These will be forwarded to the war department at Washington and given full consideration, which may not be possible with oral statements. The written statements should be mailed to the undersigned on or before July 12th, or brought to the hearing, where they will be read. Objectors, if any, to the diversion should state explicitly the reasons why objection is made.

## NOW RAISES 600 CHICKENS

After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me.  
"I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."—Mrs. D. M. ALTERS, R. R. 4, Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Alters. Women everywhere in Mrs. Alters' condition should profit by her recommendation, and if there are any complications write Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is at your service.

## 486 ANAHEIM BABIES, 173 BLUE RIBBONERS, 10 EXACTLY NORMAL

Since the registration, measurement and classification of babies last week there has been considerable controversy among the ladies concerning the relative rank of the blue ribbon and the red ribbon babies. Blue ribbon babies were above the government's requirements for a normal child either in height, weight or both, they deserved the highest rank, besides the point to the fact that the blue ribbon is always the badge of superiority, but the mothers of red ribbon winners claim that as their children exactly met the required height and weight corresponding to their age they are absolutely perfect, and there is no rank above that.

Four hundred and sixty-six kiddies under six years of age were examined and classified by the ladies of the committee under the direction of Mrs. J. L. Van der Veer at the Fremont, Central and Broadway schools during the four days ending Wednesday. They were classified as follows:

Blue Ribbons ..... 173  
Red Ribbons ..... 10  
Yellow Ribbons ..... 20  
White Ribbons ..... 102  
No Ribbons ..... 161  
The ten babies found to be absolutely normal in weight and measurement were:

Hila Gregg, aged 3 years.  
Mary I. Lazzeroni, 3 years.  
Selly Diecker, 23 months.  
Albert Querey, 25 months.  
Ernest Cassidy, 18 months.  
Margaret L. Kampling, 13 months.  
Margaret Lazzeroni, 8 months.  
Clara Quarton, 7 months.  
Leah Querey, 6 months.  
Alice Hanson, 6 months.

The blue ribboners were those who went above the requirements both in height and weight, the yellow ribboners were those who made the weight but fell below in stature and the white ribbon kiddies were sufficient in height but lacked the avoirdupois.

Four hundred sixteen babies were registered at Fullerton, 113 of them being awarded blue ribbons.

## SEAL BEACH EXPECTS BIG CROWD ON FOURTH

SEAL BEACH, June 28.—Extensive preparations have been made for the celebration of the Fourth at Seal Beach.

There will be a monster show of fireworks. The government has sanctioned the use of explosives for this occasion, which will be the only one this year where fireworks will be used.

The fireworks, combined with the wonder-working scintillators form a combination that can be enjoyed nowhere except at Seal Beach.

Patriotic band concerts will form another feature and no pains have been spared to secure really good music for both the concerts and for the dancing in the pavilion. Bathing, fishing and other entertainment will round out the day.

## Fighting Under Two Flags

### The True Story of the American Legion

By J. W. PEGLER

(United Press Staff Correspondent.)

EDITOR'S NOTE—This is the third instalment of the true story of the heroic careers of Lieut. Col. Richard H. Griffiths and Maj. Alexander Rasmussen, interwoven with which is the first authentic history of the famous American Legion, which didn't wait for America to enter the war, but joined the Canadian army, early, to get an early crack at the Boche. The fourth instalment will appear Saturday.

When we came into the war most of the surviving Canadian Americans applied for transfer to the American army, and a St. Louis boy who had been keeping a little silk Stars and Stripes under the water-proof lining of his cap in readiness for the Day went over the top in a daylight raid with his American flag pinned to his blouse. This lad distinctly was no, the Texas gunner who carried his flag on his bayonet.

Few were chosen to go to the American army. Rass and two friends were among them. Of the latter, one went back to his home in Columbus, O., suffering from fresh wounds, to help train American troops, while the other from Florida, went with Rasmussen to an American officer's finishing school in France to lecture to new American officers.

"We were rotten lecturers," said Rass on the day the assignment ended, as we sat in a little snowbound cafe in an ancient French fortress town, waiting for his train. "I'm glad I'm going back to be with troops again because I wasn't built to fill a swivel-chair."

Next time I heard of him he was commanding his battalion in reserve waiting to relieve a battalion in the line. It was a heavy responsibility for Rass—the biggest job he had ever tackled. And his rank of major in the American army meant much more than the same rank in the Canadian force had meant to him.

It cheered him up, however, to know that his old comrade from Florida, who had been his partner in raids, lectures and forays into London and Paris, was close by, commanding a company in the battalion of Col. Griffiths.

This company commander is still in the ring and fighting, so he cannot be

identified except by his nickname of Capt. Jock. Capt. Jock had been a captain in the Philippine constabulary with the self-same Griffiths as his major. Prior to that he had been a sergeant in the old 6th infantry in the Philippines.

Went To Hong Kong  
When the War came in 1914 Griffiths and a constabulary captain, whom we will call Capt. Mack, beat it pronto for Hong Kong to fight under their flag, because it was impossible at that time to throw their fighting poundage against the Boche under the flag of their adoption—and of their true devotion.

Griffiths and Mack received commissions and went to join the Sherwood Foresters in England. They were through the hardest fighting at the Dardanelles. Mack got two shrapnel blows but neither he nor the colonel ever "put up" the wound stripes they were entitled to wear.

"What good do stripes do? Who gives a whoop how many times I have been wounded?" Capt. Mack would ask whenever you called his attention to the bareness of his left cuff, where stripes are worn.

These two Philippine constables, Griffiths and Mack, were as much responsible as any other two men for the great reputation achieved by their division. In the British army today the old soldier regards that division as the fightingest outfit that ever took a trench—even after the recent fights to the death by many other gallant units. If the British had ever taken the French custom of decorating the colors of collective units then that division would have had the Victoria Cross.

## GRAND OPENING OF RED CROSS BOOTH IS HELD WEDNESDAY EVE.

District Turns Out En Masse For Interesting Ceremony, Flag Raising

TUSTIN, June 28.—The opening of the Red Cross booth at the corner of D. and Sixth streets Wednesday night was attended by nearly all the families of Tustin.

The interesting ceremony of flag raising was performed at 7 o'clock sharp, while a company of Boy Scouts stood at attention, and gave the bugle call.

"The Star Spangled Banner" was played as a violin duet by Misses Dorothy Utt and Anita Preble, after which everybody sang "America."

All the material and labor for the construction of a substantial booth has been contributed and it will be open from this time every day for the sale of articles donated for the Tustin branch Red Cross.

The decorating committee was busy all the afternoon preparing for the opening. The booth was attractively decorated in red, white and blue. Red geraniums, shasta daisies and blue bells were the flowers used. Palm branches and greenery made a beautiful setting. Under the big trees just off the highway this booth will make an attractive stopping place for automobilists.

The opening Wednesday night made a splendid start in the direction of success for the undertaking.

Everybody patronized the stand for the sale of ice cream cones, popcorn balls and soda pop, and a goodly sum was realized.

The next Red Cross benefit will be held next Wednesday night. It will be a street fair and a dance given by the Knights of Pythias.

## MR. AND MRS. VAN VUREN LEFT FOR PORTLAND

TUSTIN, June 28.—Sergeant and Mrs. Cornelius Van Vuren, who were married last Saturday evening at the home of the bride's mother, Mrs. Julia Elder, returned from their wedding trip on Tuesday. They left Wednesday for Portland, Oregon.

Sergeant Van Vuren is in the 601st squadron, aviation section, Signal Corps, with the spruce production Division.

## TOO MANY BABIES FOR REGISTRATION BLANKS

TUSTIN, June 28.—The kindergarten room at the Tustin Grammar school was teeming with babies last Saturday afternoon and those having the registration in charge were busy people. When about two thirds of the number present were registered, the blanks gave out. Owing to inability to get more blanks a good many were left out and can probably not be registered until the next regular registration in the fall.

## HOLD MERRY PICNIC AT LAGUNA HTS. YESTERDAY

TUSTIN, June 28.—The members of the Tustin Twelve had a delightful day Thursday at their annual outing. In the early morning they motored to Laguna Heights, where one of their number, Mrs. Charles Johnson, has a cottage. Mrs. Johnson was hostess and delightfully entertained her guests during the morning hours.

At the noon hour a delicious collation was spread. Table decorations were Fourth of July suggestions. Flowers were marked by means of little flags and fire crackers and the American flag waved in the center.

In the afternoon the delights of Laguna Beach were taken in, bathing in the surf being the most popular. Before starting on the homeward journey, a big freezer of ice cream was opened and served with cake. The drive home was most enjoyable.

Those of the party were Mrs. Arthur Hofer, Mrs. Charles Sauer, Mrs. Albert Fuller, Mrs. W. S. Suddaby, Mrs. Otis Bridgeford, Mrs. J. D. House, Mrs. Geo. Pollard, Mrs. C. O. Artz, Mrs. Charles Johnson and Little son, Miss Jennie Pollard was a guest of the club.

## SADDENED BY DEATH OF MRS. J. H. MARTIN

TUSTIN, June 28.—The friends of Mrs. J. H. Martin in Tustin were saddened at the news of her death on Wednesday. Mrs. Martin was actively interested in the Tustin Ebull section, from which she will be greatly missed.

Funeral services will be held at the Mills & Winbigler Mission Funeral Home Saturday, June 29, at 3 o'clock, interment at Fairhaven cemetery.

The ceremony was performed at the South Methodist church parsonage, Rev. O'Rear, officiating.

## CHAMBER COMMERCE DIRECTORS ELECTED MONDAY MEETING

Committee Instructed to Investigate Need For Additional Street Lights

TUSTIN, June 28.—The monthly meeting of the Tustin Chamber of Commerce was held Monday evening at the schoolhouse.

The matter of having a better light at the post office was discussed. Upon motion W. L. Leiby was added to the committee on street lights and the committee was instructed to investigate the need of other additional lights in Tustin.

A committee had been appointed at the last meeting to find out the cost of installing a large sign at the intersection of Main street and the highway which will attract the attention of automobilists at this busy corner. It was reported that a large galvanized iron sign would cost about \$25. It was suggested that a large canvas sign might answer the purpose. The committee was continued and given the power to act in purchasing the sign.

C. E. Utt presented the matter of the War Savings Stamp drive and urged its importance.

A communication from the Associated Chambers extended an invitation to the Tustin members to the meeting held June 26 at Seal Beach.

A letter was read from a resident of St. Louis, Mo., asking for information about the agricultural possibilities of the Tustin district. Another letter from McMinnville, Tenn., called for the same kind of information. The letters were referred to the Publicity committee. It was suggested that new pamphlets should be printed giving the latest statistics in the shipments of citrus fruits, and other products of Orange County.

The annual election of a board of directors was held. Nominations were made and the vote taken, and the following directors were elected: C. A. Vance, B. F. Beswick, W. L. Leiby, J. W. Stanley, A. E. Bennett, Jasper Leck, S. E. Tingley, C. E. Utt and I. L. Marchant.

## HOW THIS LITTLE BOY Recovered Strength After Sickness

Garrett, Texas.—"The measles left my little boy aged nine years in a very weak, run down condition—he coughed a good deal, and as medicines did not seem to help him, we finally took him out of school, and thought he would never be strong again. One day I read about the cod liver and iron tonic known as Vinol, and such a change as it has made in my little boy—it stopped his cough, he is now back in school, strong and well."

Mrs. E. A. Wright.

There is nothing like Vinol to restore strength, appetite and vim to pale, sickly children. We strongly recommend Vinol for this purpose.

## GLASS FACTORY MAY BE BUILT AT ANAHEIM

ANAHEIM, June 28.—There is a possibility that Anaheim will have a glass factory. W. L. Desnoyers met with the directors of the board of trade and discussed the proposition with them. He wants to make it a local concern by selling \$100,000 worth of stock. Material for the manufacture of glass can be secured in abundance within easy reach of this city and our gas supply is unlimited. The plant will employ a large number of men, and if it is secured will be a valuable addition to the industries of Anaheim. One reason for desiring to locate in this city is that the Crawford marmalade factory will use a large part of the output.

### LOCAL PRODUCE MARKET

The local market was active and movement of strawberries is about over and prices advanced to a high level yesterday owing to the fact that the southern states, which have finished their season, have shipped less than two-thirds as many as last year. Ripening this season was unusually early and prices have been much higher, selling on the local Produce Exchange at from \$1.10 to \$1.15 a crate.

Eggs again gained in strength and the call was exceptionally lively. The price advanced 1 cent per dozen, at which quotation the call was strong. Butter remained steady at 45 cents per pound.

The arrival of melons were four carloads of watermelons, which were very poor, most of them were sunburned, owing to the warm weather of the past few days, and eleven cars of cantaloupes.

## Nuevo Ranch Land Should Soon Pay For Itself \$250 An Acre!

Nuevo Ranch soil is highly productive. It produces good crops of potatoes, onions, vegetables of all kinds, as well as alfalfa and other forage crops. For several years to come all kinds of farm products will bring big prices. The man who buys land now and plants it to crop can't help but make money. Ranchers at Nuevo have actually paid for their land from the proceeds of crops raised between rows of trees. This land is well adapted to deciduous fruits—apricots, peaches, walnuts and olives. Nuevo Ranch is located in the rich San Jacinto Valley where ranchers are realizing enormous profits from their orchards. Experts have pronounced Nuevo Ranch land as good, if not better, than any other land in this section. Nuevo is a settled community with stores, good schools and social advantages. Ready markets; good transportation facilities; electricity for cooking, lighting and farm power; 3 hours' ride from Los Angeles; 16 miles from Riverside; excellent mutual water system with low cost of operation; invigorating climate; high altitude. Nuevo Ranch is an ideal place to live and make money. The following letter was received from a former Orange County man who bought land at Nuevo: "Gentlemen: I took \$2826 worth of potatoes off of eight acres. These potatoes were planted between the rows of apricot trees. There are great farming possibilities here at Nuevo. The soil is wonderful and the water supply is good. Nuevo Ranch is one of the best sections for potatoes, alfalfa, apricots and peaches I have ever seen. I bought 17 acres here two years ago planted to two-year-old apricots. Later I bought 40 acres more. This is sure proof that I am strong for this land. I came here from the Santa Ana district where I farmed eight years. I can't say enough things about Nuevo. Every farmer who wants to better himself ought to come and see what we have here." (Signed) EARL M. HARVEY. Mr. Harvey's letter is only one of scores of enthusiastic letters which we have received from Nuevo ranchers. Get our free booklets and learn more about Nuevo—one contains 20 testimonial letters, and the other answers 120 questions about Nuevo Ranch.

## FISHERMEN SAY THEY SAW SUB OFF LAGUNA AT NIGHT

Thought It Was German U-  
Boat; May Have Been  
U. S. Destroyer

NEWPORT BEACH, Cal., 28.—Henry Starck, Nick and Frank Suttora, Newport Beach fishermen, claim to have seen a submarine Monday morning at about 1:30 o'clock, while drifting off Laguna Beach about one and one-half miles. The men say the U-boat appeared to be about 150 feet long and was painted black.

The boys were out on a fishing trip and had set their drift nets when the stranger appeared on the scene apparently to ascertain just what kind of a boat the fishermen occupied. The diver came up very close to the fishing launch and although the night was dark and cloudy, they got a good look at her. She was burning two white lights on the bow, one above the other and one on the stern. Although she was very close to the fishing craft, the men were scarcely able to hear the purring of her engines.

All the time that the strange boat remained in the vicinity of the fishing launch, no one appeared on the deck and there was no opportunity for the fishermen to identify the nationality of the diver. The fishermen believe the diver may have been a German U-boat but did not molest them because they were in search of bigger game. They are positive that the nocturnal visitor was a submarine. It hardly seems possible that the Germans could carry their submarine piracy to the Pacific waters but it is always the unexpected which has happened in the past.

While the authorities here notified government officials at Los Angeles, they are inclined to believe that a U. S. destroyer doing patrol duty, was mistaken by the fishermen for a submarine. It is pointed out that an enemy boat would hardly take the chance of exposing their presence on the Pacific Coast merely to ascertain the identity of a fishing craft.

**Newport Briefs**  
Henry Starck has closed his pool room and is now engaged in fishing with Nick and Frank Suttora. He expects to make some arrangements to have some one lease or run his place.

### AT WAR WITH YOURSELF!

HELP NATURE TO DEFEAT THE  
DISEASE IN YOUR BODY.

Keep up the fight; do not give up. Nature is trying to serve you in conquering the wrongs that may exist.

Red blood, vim, courage, vitality, all seem lacking. No wonder you are nervous and discouraged.

Why not call to your aid a strong, dependable ally? Dr. Pierce's Golden Medical Discovery has for nearly fifty years proven its merits as a most powerful tonic and blood purifier to the many thousands who have been returned to good health by its use.

Clear the coated tongue, get rid of unsightly skin trouble. Let this remarkable remedy rid your body of the impurities of the blood, let it tone and strengthen you. It often cures the lingering chronic cough.

Dr. Pierce's Golden Medical Discovery is absolutely heretical, free from alcohol or dangerous habit-forming drugs. All druggists. Liquid or tablets.

SAN FRANCISCO, CAL.—"A member of our family always takes Dr. Pierce's Golden Medical Discovery as a tonic and blood purifier, and to regulate his bowels, and keep him in good health."

Mrs. S. A. ROBBINS, 336 Hickory Avenue.

PORTLAND, OREG.—"I certainly can recommend Doctor Pierce's Golden Medical Discovery. I had liver trouble so bad that I was just yellow and had indigestion, too. Also a woman's trouble, and I was weak and nervous. I decided to try Dr. Pierce's Golden Medical Discovery and his 'Favorite Prescription.' I took six bottles of each and was a well woman. My husband had trouble with his lungs. He was very weak. I gave him 'Discovery' and it cured him."

"I cannot speak too highly of Dr. Pierce's Remedies."—Mrs. FRED PATTERSON, 630 Kirby Street.

## NEXT STEP IS VOTING BONDS FOR WATER SYSTEM ON MESA

Engineer Will Be Employed  
By New District to Fur-  
nish Plans and Data

NEWPORT BEACH, June 27.—The election held on Newport Mesa Monday for the purpose of voting on the project of forming an irrigation district for that section, resulted in a unanimous vote being cast for the proposition.

The three directors of the district elected were A. H. Smith, W. S. Williamson and Donald J. Dodge. Mrs. Donald J. Dodge was elected treasurer and tax collector and W. A. Stearns assessor.

The next step in the establishing of the system will be the employing of an engineer to furnish plans, data, approximate cost, etc., so that a bond election can be called to secure the funds to proceed with the work. It is thought that the engineer will be able to make surveys and gather the necessary facts and figures so that the bond election can be called early in the fall.

The district to be benefited by the irrigation system is known as the Newport Mesa Tract and embraces a tract on the westerly side of the Southern Pacific right of way extending to the Fairview Farms. A well in the water-bearing sands of the Santa Ana river basin has already been put down and assures the district plenty of water for all purposes as soon as the plans are completed.

An adequate pumping plant will be installed and a pipe line laid to a new reinforced concrete reservoir, which will be built near the reservoir owned by the city of Newport Beach.

This section of Newport Heights has been retarded in development and improvement from the fact that the more or less trouble in securing adequate water for irrigation at times when it was needed the worst, but now that the tract has organized the irrigation district, it is expected that the next few years will show a wonderful change in the appearance of this section of the Heights country.

**To Open Under New Management**  
Under the management of Byron Hall, the Newport Hotel dining room will be reopened to the public after being closed for several months, and the doors will be thrown open on Sunday, June 30. The new proprietor will make a specialty of fish dinners and the first will be served on Sunday, the opening day. Mrs. R. Harrison has been secured to take charge of the culinary department. Mr. Hall has had many years of experience in catering to the public and is right at home in the hotel business. With the assistance of A. H. Fitzpatrick, Mrs. Byron Hall will continue the grocery store in the Schnitzer block on the ocean front.

Mr. Hall will not have charge of the rooms of the hotel as the place will be operated under the European plan, the lodging end of the business being conducted by Albert Hermes. The entire building has been overhauled and cleaned and will be kept in first-class shape by the new management.

### WINTERSBURG

## T. C. KNOWLES TO GIVE ADDRESS TONIGHT AT CHICKEN SUPPER

Good Time Assured at Red  
Cross Benefit This Evening  
at Wintersburg

WINTERSBURG, June 28.—Mrs. Agnes Gothard, chairman of the committee in charge of the Red Cross chicken pie supper to be given this evening, went to Los Angeles on Tuesday and while there secured the promise of Prof. Tully C. Knowles, of the University of Southern California, to give the address of the evening.

Prof. Knowles is a most proficient speaker and his address given at the graduation exercises at the Huntington Beach high school last Friday was greatly appreciated by a number from this community who were in attendance and who will be delighted to hear him again.

Prof. Knowles will speak on the subject of Red Cross work, the address to be given about 8 o'clock.

The dining room will open at 5:30 and judging from the extensive preparations under way the supper will be a sumptuous one with plenty for all and to spare. Posters announcing the supper were widely distributed by the committee on Wednesday.

John Shutt of the naval reserve was over from San Pedro Saturday evening visiting friends and was a supper guest at the C. H. Maddux home.

Mr. Sherman's parents, sister, Miss Lydia, brothers Poly and Ernest and the latter's wife of Pasadena, spent Sunday at the Sherman home at Smeltzer.

Mrs. C. H. Davis and baby spent last week at Redondo Beach visiting Mr. and Mrs. Ellis Davis. Mr. Davis went over on Sunday, returning that evening, accompanied by his wife and baby and Mr. and Mrs. Ellis Davis, the latter of whom remained overnight with them, going home on Monday.

Earl Weise drove to San Pedro Saturday evening and joined his family, who had been at the home of Mrs. Weise's sister for several days. On Sunday Mr. and Mrs. Weise returned, bringing home their son Victor, who is suffering from a large carbuncle on the back of his neck.

**"Need of National Repentance"**

Rev. M. Ross of the local Methodist church will take for his subject next Sunday morning "The Need of National Repentance." In all probability the evening preaching service will be omitted in view of a number wishing to attend the camp meeting at Huntington Beach, which commences on Friday evening of this week. The advisability of discontinuing the service will be taken under consideration by the church board and pastor later in the week.

**Unite in Red Cross Work**  
A number of the ladies who are knitting in the interest of the Springfield Junior Red Cross are planning on joining with the Wintersburg knitting class every other Thursday when the meeting is not held at Springfield. This is the regular week for the society meeting and the ladies met as usual at the school house.

Mrs. J. R. Morgan has been quite ill since Saturday of last week.

Mrs. Wright and daughter, Miss Viola, of Westminster returned home with Mr. and Mrs. H. Larter and daughter, Miss Florence, from church Sunday and were guests at their home for the day.

**Tells of Trip to North**  
Mr. and Mrs. J. T. Worthing received a letter from their son, Laurence Worthing, and party early in the week, telling of the accomplishment of the first stages of their journey to Washington. They left here Thursday afternoon of last week, expecting to reach Camp Fremont Friday night, but bad luck overtook them, their heavily loaded trailer breaking down several times on the road, so they did not reach Palo Alto until Sunday evening.

While there they visited a brother, Arch Worthing, more familiarly known here as "Bob," who is in training at the army cantonment. The travelers resumed their trip Monday evening.

Mrs. Sara Gardner of Bolsa spent Sunday as a guest at the W. Blaylock home. After afternoon, Mr. and Mrs. Blaylock and family, Mrs. Gardner and Mr. and Mrs. D. D. Gardner and family, Mr. and Mrs. J. V. Culver and family motored to Laguna, where they enjoyed a pleasant time.

Mrs. Boydon Hall and little son of Huntington Beach spent on Sunday until Wednesday at the home of her parents, Mr. and Mrs. J. T. Worthing.

**Attend Riverside Wedding**  
Mr. and Mrs. B. A. Faarar left on Wednesday morning with Mr. and Mrs. Earl Faarar of Huntington Beach for Riverside, the trip being made in the latter's machine. The party went up to attend the wedding of Miss Ethel Farrar, which took place at 3 o'clock of that day. Mr. and Mrs. Faarar did not return with the Earl Faarar's, remaining for a few days' visit at the Lee Faarar home. They will return home not later than Sunday.

Mrs. May Moore and family were visitors at the county seat on Tuesday of this week.

Mrs. Rhoda Gerhart visited Tues-
